

Well-Child Policy

Children with obvious and visible symptoms of illness **should not** be present in the Nursery

These symptoms and illnesses include the following:

- Fever **over 100.2°**
- Runny nose with colored discharge
- Pink eye (conjunctivitis) or other eye infections
- Persistent coughing and/or sneezing
- Vomiting
- Inflamed throat or strep throat, unless the child has been diagnosed and medicated for at least 24 hours
- Earaches
- Diarrhea (2 or more diarrhea BM's)
- Swollen Glands
- Untreated Rash (except diaper rash)
- Head Lice

(Note: children with allergies may exhibit some of these symptoms, in which case exceptions will be made if the parent notifies the Staff Attendant.)
