## **GETTING STARTED**

**1. Have you ever done a trust fall? You know, where you stand on a ledge or picnic table and fall backwards trusting others will catch you? Share your story. Was it easy or hard? Why?**

## **DIGGING DEEPER**

The widow who put two copper coins into the offering plate trusted God with all she had and her very life.

**2. What does that type of trust look like when we consider our recent global events? What does it look like in our personal tragedies and challenges?**

God never says, "I didn't see that coming!" He knows our past, present, and future all at the same time and has a plan to provide for us in advance and see us through even before we get slammed with unexpected tragedy.

**3. Share an event in your life where you felt blind sighted, but God saw you through. What happened that built your trust in Him?**

## **Read Psalm 46: 1-11**

**4. List all the fearful circumstances this Psalm speaks about.**

**5. Now list how God intervenes in His power.**

**6. How does verse 10 say we should respond? What does that look like every day life?**
